WORKSHOPS THAT COME TO YOU:  
**RESIN COATED  
COLLAGE!**

outside of appreciating the aesthetics they

## What is it?

Resin is a fabulous medium to use to make art and protect it. Let us guide you through the process of pouring resin to both protect your painting surfaces but also to show you how to use it in many other applications. This is a workshop that is not to be missed.

# What do we need?

ALL workshop materials are included. We provide the instructor and supplies. You supply the space, participants, a well ventilated space and a dust free drying room.

Participants are asked to please wear old clothes - or a smock - as the materials will stain.

Recommended age 15 and up.

# How much does this workshop cost?

I estimate \$149 per participant for a 3 hour resin workshop. For a less expensive option, we can create simple resin jewelry (3 small pieces per participant for \$79 in a 2 hour workshop).

However, **each workshop is unique**. Because of that, when discussing fees, we need to take into consideration issues such as project materials,

transportation costs, travel time, participant insurance, instruction time, instructor fee, accommodations, meals, (as applicable) and additional preparation time. A workshop in Aruba has a much different budget than a workshop in the next town over from the one where I live. Call us to discuss what you need and we can negotiate details. We love new art-ventures and can invent

one to suit your needs more often than not!

Please note, **resin requires 24 hours of drying time to set** in a dust free environment where it will not be touched.

Maximum 10 participants per workshop. Additional participants permitted at an additional cost per person.
